DEAR SHAREHOLDERS

The Indian Media and Entertainment (M&E) industry is a sunrise sector for the economy and is making high growth strides. Proving its resilience to the world, the Indian M&E sector is on the cusp of a strong phase of growth, backed by rising consumer payments and advertising revenues across all sectors.

The industry has been largely driven by increasing digitization and higher internet usage over the last decade. Internet has almost become a mainstream media for entertainment for most of the people. Recent statistics and developments pertaining to the sector are discussed hereafter.

2014-2015 has been a turning point for the media and entertainment industry in India in many ways. With the current government's optimistic outlook, business sentiment has been positive and strengthened by a number of growth promoting policy initiatives taken in the recent months. A benign global economic environment and a stable central government likely promoted the Economic Survey to suggest that India has reached a sweet spot and could finally be launched on a double- digit medium term growth trajectory. Top global institutes also seem to have an upbeat view on India.

In television, advertising saw strong growth, driven by the positive shift in the macroeconomic environment, the emergence of e-commerce as a significant new advertising spender. At the same time, despite rollout of digital set top boxes, the anticipated improvement in addressability, increase in subscription revenues and more equitable sharing of subscription revenues continues to evade the industry.

The building blocks for future growth have been put in place in 2014 by offerings; such as new spectrum for mobile, ongoing digitalization in cable, consolidation in exhibition, and Phase III auctions for radio. India now needs to ensure flawless and timely execution of these policies. In addition, at a local level, intervention such as speeding up permissions for multiplexes, live events and so on, could go a long way in boosting confidence and growth. With an advertising boost due to the ICC cricket world cup, strong projections for economic growth and a sturdy base of these building blocks, 2015 seems to hold great promise for the industry.

Thus, considering the market scenario and future projection the Company intend to keep up to its performance in the year to come so as to avail the opportunity provided by the industry. During the year under review, operational efficiency and due implementation of business strategy lead to revenue generation of Rs. Rs. 92,47,65,260 as against Rs. 89,88,20,877 during the previous year. However, the Company has recorded a net loss (after tax) of Rs. 70,60,822 as against Rs. 22,93,267 last year. The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013 and Generally Accepted Accounting Principles in India. Please refer Directors' Report in this respect.

Date: 5th September, 2015

Sincerely,
Rajendra Karnik
Managing Director

Secretarial Audit Report

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2015

To,

The Members,

IRIS MEDIAWORKS LIMITED

Bungalow No. 47/47, RSC-6, Survey No. 120,

S.V.P. Nagar, Mhada, Four Bungalows, Andheri (West)

Mumbai - 400 053

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practice by **M/s Iris Mediaworks Limited** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's Books, Papers, Minutes Books, Forms and Returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the financial year ended 31st March, 2015, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s Iris Mediaworks Limited** ("the Company") for the financial year ended on 31st March, 2015, according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder for specified sections notified and came into effect from 12th September, 2013 and sections and Rules notified and came into effect from 1st April, 2014;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment (not applicable to the Company during the Audit Period);
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009(not applicable to the Company during the Audit period);
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Regulations, 2009, and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on 28th October 2014 (not applicable to the Company during the Audit period);
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (not applicable to the Company during the Audit period);

- f. The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 (not applicable to the Company during the Audit period), and
- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (not applicable to the Company during the Audit period), and;

vi. Other Laws applicable to the Company as per the representations made by the Company.

I have also examined compliance with the applicable clause of the following:

- a. Secretarial Standards issued by The Institute of Company Secretaries of India. (not notified hence not applicable the Company during the Audit Period); and
- b. The Listing Agreements entered into by the Company with Bombay Stock Exchange Limited.

During the period under review and as per the explanations and representations made by the management and subject to clarifications given to us, the Company has complied with the provisions of the Act, Old Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines. The Company is in the process of appointing a whole time Company Secretary and filing necessary Forms & Returns.

I further report that during the audit period, there were no instances of:

- i. Public / Rights / debentures / sweat equity.
- ii. Buy-Back of securities.
- iii. Major decisions taken by the Members in pursuance to Section 180 of the Companies Act, 2013.
- iv. Merger / amalgamation / reconstruction etc.
- v. Foreign technical collaborations

This report is to be read with my letter of even date which is annexed as **Annexure I** and form an integral part of this report.

CORPORATE GOVERNANCE REPORT

The Corporate Governance signifies the role of the management as the trustees to the property of the shareholders and acceptance of the inherent rights of the shareholders by the management. Corporate Governance is a framework which helps various participants viz. shareholders, Board of Directors and Company's management, in shaping Company's performance and the way it is proceeding towards attainment of its goals.

I. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate Governance is an ethically driven business process that is committed to values aimed at enhancing an organization's brand and reputation. This is ensured by taking ethical business decisions and conducting business for not only its own growth but also maximization of benefits to the shareholders, employees, customers, government and also the general public at large. At Iris Mediaworks Limited, the affairs of the company are managed in a fair and transparent manner. Our corporate governance framework is a reflection of our culture, our policies, relationship with the stakeholders and our commitment to values. Accordingly, we seek to ensure that our performance is driven by integrity. This is vital to gain and retain the trust of stakeholders.

Our corporate governance framework ensures effective engagement with our stakeholders and helps us evolve with changing times. The Securities Board of India (SEBI) amended the Listing Agreement effective 1st October, 2014, to bring in additional corporate governance norms for listed entities. The norms provide for stricter disclosure, protection of investor rights, shareholders approval for related party transactions, establish whistleblower mechanism, have at least one women director on the board. Our Corporate Governance framework has helped us with the new guidelines of the Companies Act, 2013. We believe that an active, well informed and independent board is necessary to ensure the highest standards of corporate governance.

Our corporate governance framework ensures that we make timely disclosures and share accurate information regarding our financials and performance, as well as the leadership and governance of the Company.

Our corporate governance philosophy is based on the following principles:

- Corporate governance standards should satisfy both the spirit of the law and the letter of the law.
- Ensure transparency and maintain a high level of disclosure.
- Clearly distinguish between personal conveniences and corporate resources.
- Communicate externally, and truthfully, about how the Company is run internally.
- Have a simple and transparent corporate structure driven solely by business needs.
- The Management is the trustee of the shareholders' capital and not the owner.

II. BOARD OF DIRECTORS

Composition of the Board and Category of Directors

The Board recognizes and embraces the importance of a diverse board in its success. We believe that a truly diverse Board will leverage differences in thought, perspective, knowledge, skill, regional and industry experience, culture, age, ethnicity, race and gender, which will help us to retain our competitive advantage.

As on 31st March, 2015, the Company's Board consists of Six Directors having considerable professional experience in their respective fields. Out of the above, half of the Board consists of independent directors. The Company also has appointed a woman Director. The Composition of the Board is in Conformity with clause 49 of Listing Agreements with Stock Exchanges and as per Companies Act, 2013.

ECONOMY:

The theme for this year’s recently held FICCI conference is ‘Make India a global entertainment superpower’. This comes at a time, when India is taking its place on the global stage as a market with tremendous growth potential, security and viability also, creating exciting investment opportunities. Offering the world’s largest base of young work-force, an expanding middle-class constituting one of the biggest consumer markets and a robust, well-functioning democratic system, India, along with its pro-reforms government, is now scripting a turnaround story. The global economy is struggling to gain momentum, as China suffers a slowdown, the euro-zone slips into deflation, and Japan’s economy is too soft to absorb the fiscal consolidation plan. In Europe Greece fiscal position collapsed though held & supported by world bank, economies of the world are losing faith & Despite the shaky global economy, India is performing relatively well, with a stable micro-economic environment, (inflation eased while the current account deficit came under control) bolstering the economic outlook. The Indian economy is on a strong footing, with FY15 growth estimated at 7.4 per cent while FY16 growth was pegged at 8 to 8.5 per cent. As a result, there is a marked shift in investor sentiment towards India: global investors increasingly see India with renewed interest and optimism, thanks to an optimistic government at the Centre and its reform agenda. The government’s recent budget announcements underpinned and highlighted the sentiment further. Improved business sentiment together with policy reforms could boost the country’s long-term growth potential. This growth story extends itself across Media and Entertainment sectors. We estimate that the Indian market is poised to grow at a CAGR of 13.9 per cent, to grow from INR1026 billion in 2014 to reach INR1964 billion by 2019, a growth rate that is almost double that of the global media and entertainment industry.

INDUSTRY OVERVIEW

MAJOR CHANGES IN THE SECTOR

In the television sector, Reliance Industries Limited (RIL), via an Independent Media Trust, acquired control of Network18 Media & Investments Ltd. and its subsidiary TV18 Broadcast Ltd. The transaction is likely to enable RIL’s Jio Infocomm to get access to broadcast, digital and e-commerce content for its 4G mobile data services platform.

In the radio sector, This trend of consolidation has commenced with the acquisition of Radio City by the Dainik Jagran Group. With the addition of Radio City in its portfolio, Jagran gets access to a well-run and organized operator with presence in key, “advertiser-friendly” cities like Mumbai, Bengaluru and Delhi & its 20 stations.

There was also significant consolidation in the film & cinema exhibition (multiplex) segment. Carnival Films Pvt. Ltd. acquired BIG Cinemas for USD111 million and HDIL Entertainment Pvt. Ltd. for USD18 million. Further acquired Stargaze Cinemas from Network18 Media, to become one of the largest cinema chains in India.

Animation studios are working in collaboration to execute big projects. There continues to be a scope for consolidation between major players as was demonstrated by the acquisition of Reliance MediaWorks Ltd. by Prime Focus Limited for USD61 million. It is expected that the trend of market consolidation will continue across the M&E sector as larger firms merge with smaller ones in order to further their foothold over the market. The clear indication of economy is many players are looking to enter the market through M&A rather than the auction process.

Talking of media and entertainment industry, the traditional or print media has also seen unpredictable changes. Major players are investing in digital media, making services such as, news delivery possible via mobile applications and web portals. Major print players, are moving towards the ‘Rampant -Newsroom’ concept where digital and print could grow together as an integrated solution over the internet like Zee News merged

its broadcasting business with DNA (newspaper). India Today shifted its office to a new building with a focus on integrating its TV, print, radio and online arms. CNBC TV-18 joined hands with MINT to further extend the integrated newsroom model by sharing content, analysing and working on joint editorial initiatives

COMPANY OVERVIEW

India is among the topped of the world's fastest growing Smartphone market. Flooded with low-cost Smartphone's and dropping data plan tariffs the absolute number of internet connections and users are at a record high, but internet penetration stands at about 19 per cent, which is still lower compared to internet penetration across other countries., The impact of it is that, Eyeballs which used to be glued to TV, print and other traditional media are now moving to online channels or digital media. Availability of affordable Smartphone's and tablets has fuelled the 'personal screen' phenomenon that cannot be ignored by content creators, curators and advertisers alike. Various digital ecosystem players under the 'Digital India' initiative, have played a major role in making this growth possible. As operators like, Reliance, Tata, Idea, Airtel and Vodafone plan/continue to rollout their 4G services at economical prices, India stands at the brink of an internet revolution.

Iris as a part of media industry is certainly affected from digitization, and our line of business of broadcasting can't ignore the fact of transition of home or cable TV content to online content. A case in point is the transformation we have seen in the vocals & music industry, which now sees over 50 per cent of its revenues from music through digital channels, mainly coming through mobile phones. It represents the connected world; offering innovative and customer centric information technology (IT) services and solutions.

Iris Mediaworks Limited endeavors to offer a full range of media services and industry specific solutions to help clients take advantage of opportunities in spaces of providing broadcasting material or channel management, Consulting, and Communication solutions in the field of Digital Technologies, Networks, Platforms and reusable assets that connect across many technologies to derive tangible business value in the area of broadcasting. In its eventful journey spanning over almost two decades, Iris Media Works has tried to transform itself to a 'business centric' media and IT powerhouse.

OUTLOOK

Future outlook: The future of the global media and entertainment industry will be shaped by economic forces, and adoption of new technologies. For Iris Mediaworks rapidly-evolving technologies, changing consumer preferences and oftentimes competing channels, make organizations struggle with how to transform internally to meet the challenges of this new, always connected digital world . Organizations therefore need to carefully walk the path towards a comprehensive digital transformation with a concrete strategy to utilize its strengths and alleviate its challenges. As the global economy improves, and consumer confidence increases, investing in new technologies such smart computing products, internet of things, products and platforms, cloud computing, mobility and analytics will enable vendors to gain efficiency, agility, access to consumers, and innovation which when properly leveraged will provide tremendous opportunity for the delivery of real competitive contents to clients.

To survive in a globally connected and increasingly competitive world, for media enterprise, like us, the digital transformation will be a must also the quality of content can't be ignored.

In the film sector, category-A films with top league actors continued to perform well at the box office, however the same was not true for films which lacked both, strong content and a top league actor to attract audiences to the theatres. As a result, the industry barely grew in 2014, a surprise for many, given India's film obsessed population. With an increasing number of multiplex screens and better internet penetration and bandwidth, Tier II and Tier III cities may soon hold the prime focus for the industry. For TV and digital content producers, original programming for video-on-demand (VoD) platforms is emerging as the next big growth driver. Content is likely to be a critical success factor for the platform, hence content deals are increasingly turning exclusive as competition heats up for unique, quality content.

THREATS, RISKS AND CONCERNS

As the saying goes "All great changes are preceded by chaos." And this could not be truer for the global economy today. Beginning with economic turmoil, the ripple effects of which are still being felt today, to the ongoing political upheavals across the world. From the erratic movements in global commodity prices, inflation and unemployment and the constantly shifting business and technology landscape, volatility is now an ongoing reality than an exception. At the same time, businesses all over the world now face the digital, connected customer- one who is informed, decisive and influential. Organizations have no choice but to use technology to undergo a digital transformation themselves. Digitization can extend reach of organizations, enhance management decisions, and accelerate development of new growth engines. Thus, unpredictable economic conditions and rapidly evolving customer requirements is influencing how and where each dollar is spent; as firms not only look to get more with less, but

also get new, yet unrealized benefits. Customers today expect technology not only to enable efficient operations, but also creating new avenues of growth. This scenario is both challenging and exciting, and is ensuring a dual role for technology, which will be used for both traditional applications that are anchored around stability and efficiency, and modern systems that focuses on agility, rapid application evolution, and tighter alignment with business units. This is likely to dictate global technology spend with an increased need for enterprise digital content transformation as the new way to engage and serve customers.

OPPORTUNITIES & STRENGTHS

At the same time, challenges around economic volatility, protectionism, competition and customer understanding will need to be addressed by concerned stakeholders.

As the global economy improves and consumer confidence increases, investing in new technologies, media industry content, and innovation will provide tremendous opportunities. As per NASSCOM, the Indian IT-BPM industry related to media and entertainment sector is expected to reach digital revenues of US\$ 300 billion by 2020. This opportunity accounts for 12 -14% of the industry revenues. By FY 2016, NASSCOM expects the industry to add revenues of US\$ 20 billion to the existing revenues of US\$ 146 billion. Export revenues are projected to grow by 12-14% and reach US\$ 110-112 billion. Domestic revenues are expected to grow at a rate of 15 -17% and is expected to reach US\$ 55-57 billion during the year.

INTERNAL FINANCIAL CONTROLS

The Company has in place adequate internal financial controls for ensuring the orderly & efficient conduct of the business, including adherence to the company's policies, the safe guarding of assets, the prevention & detection of frauds & errors, the accuracy & completeness of accounting records and timely preparation of reliable financial information.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

At Iris Mediaworks, we strive to constantly upkeep ourselves with the changing environment. Our management has lived with a simple philosophy of not keeping "ALL THE EGGS IN ONE BASKET" and from time to time it has emphasized on venturing into new projects resulting in higher profits and exhibiting strong will to survive and grow in the competitive market.

During the year under review, sales have grown due to operational efficiency brought about through proper implementation of business strategies. The total revenue from operations of the Company for the Financial Year 2014-2015 was Rs. 924,765,260 as against Rs. 989,820,877 during the previous year. The Company has recorded a net loss (after tax) of Rs. 7,060,822 as against Rs. 2,293,267 during the previous year. The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013 and Generally Accepted Accounting Principles in India. Please refer Directors' Report in this respect.

Further, the company has been able curtail its requirement for fixed assets to maintain profitability. The depreciation (being non-cash expenses) has reduced from Rs. 4,600,128/- to Rs. 3,831,233/-.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED.

For us development in human resource is synonymous to developing capabilities in employees. Capability in reference to employees means employees having the necessary skills and competencies to perform an act or deliver to a standard. Therefore, our focus is on building capacity and Building capabilities is a multi-faceted journey, not a single event. The more diverse the experiences and events in the journey, the stronger the capabilities generated. Capability is further enhanced if each experience is reflected upon as a learning opportunity and discussed with others to hear different perspectives and interpretations. Without reflecting, it is possible to simply breeze through life, learn little and never build greater capabilities. For reflective practitioners, everything they do, read, participate in or watch provides the opportunity to improve their capabilities.

The effect of contribution in human resources is exhibited in lower employees turnover, lower absenteeism, better punctuality. Further, our team has been totally involved and has coped with the dynamic environment which is clearly visible in our efforts to produce better results in comparison to last year.
